

Preparing for Grools 3 (next year)

Websocket
Endpoint model
5se356

Spring 4 will
be a big tech move
ahead

IDE support: IntelliJ + STS
(Eclipse late 2014)

@DateTimeFormat
Java JS restricted compared to Groovy
closures

Translates well into Groovy
@Service → stereotypes
@Configuration → plumb

Transactional
annotation
first class
since 3.10

First class support for
Gravy 2.4 → G-beans
JSR 330 treatment

JSR 330 work
mostly done

Spring 4 + Gravy

Würger Höller

54 → Q4 '13
